NINETY-SIX MISSING

BRITISH STEAMER ELINGAMITE
A TOTAL WRECK ON THREE
KINGS ISLANDS.

SAVEE NUMBER FORTY-ONE

Lost Vessel Carried One Hundred and Ten Passengers, Besides the Crew. Steamers Searching for Two Rafts and Four Boats Which Are Still Missing and Their Occupants Are Believed to Be Lost.

Melbourne, Nov. 11. — The British steamer Elingamite, bound from Sydney, N. S. W., for Auckland, has been wrecked on Three Kings islands. Forty-one of those on board the steamer were saved and ninety-six are missing.

Wellington, N. Z., Nov. 11. — The lost steamer Elingamite carried 110 passengers. She was wrecked Sunday morning. Six of her boats and two rafts left the vessel. Twenty-seven of the steamer's passengers and fifteen of her crew have landed at New Zealand. Steamers have been sent out to search for the rafts and four of the boats, which are still missing. Lloyds report thirty-seven of the passengers have been saved, but that it is feared the remainder have been lost.

CREW PROBABLY SAFE.

Steamer Laden With Iron Ore Burns on Lake Huron.

Detour, Mich., Nov. 11.—While the steamer R. A. Packer, owned by John A. Connelly of Chicago, was bound down Lake Huron during the day she took fire and her crew, who were driven to the yawl boats, are supposed to have effected a landing at some other point along the shore. The crews of the steamer Thomas Palmer and tug J. E. Rumbull put out the fire, but failed to find the missing crew. The after cabin of the Packer is gone, both smokestacks are down and there is little left of the forward deck. The burned steamer was towed to this port. She is loaded with iron ore.

FELL TWO HUNDRED FEET.

Two Miners Killed by the Overturning of a Skip.

Morristown, N. Y., Nov. 11.—Two miners were killed during the evening at the iron mines at Mount Hope by falling down a shaft 200 feet deep. Five others had a narrow escape. The seven were in a skip and were being hoisted out of the mine when their day's work was over. When part way up the skip overturned. Five of the men managed to leap to the sides of the shaft and grasp the supporting beams. The other two, whose names have not been learned, missed their hold when they jumped and fell to the bottom of the shaft.

SAD HUNTING ACCIDENT.

One Boy Dead and Three Others Badly Wounded.

Ottumwa, Ia., Nov. 10.—Frank Perkins, seventeen years old, is dead; Asa Noe, twenty years old, is minus a hand; Oliver Rothgill has a bullet in his thigh, and Frank Oelka may die as the result of a careless examination of shotguns by the four youths. The boys were comparing guns preparatory to going hunting. Perkins' weapon was discharged in his face and during the excitement that followed the other hunters were wounded by a general discharge of their fowling pieces.

DOVE FIFTY FEET AFTER HIM.

Workman Heroically Rescues a Drowning Comrade at Cleveland.

Cleveland, Nov. 11. — John Perew dove fifty feet and rescued a drowning man here during the day. John Dugan fell from a boat at the Pittsburgh Coal company's plant. Perew was at work on the machinery fifty feet above the water. Dugan was going down for the third time. Perew sprang and cleared the boat. He seized Dugan just in time. The men were hauled on board, the water was pumped out of Dugan and he revived.

THREE ASPHYXIATED.

Rubber Tubing of a Gas Range Became Detached.

New York, Nov. 11.—Sarah Frost, a widow, Henry Frost, her son, and James Kiley, a boarder, were found dead from inhaling illuminating gas in their apartments in West Thirty-seventh street during the day. The rubber tubing of the gas range had accidentally become detached during the night.

OPERATORS' STATEMENT.

President Mitchell of the Miners Union Receives a Copy.

Wilkesbarre, Pa., Nov. 11.—A copy of the statement sent by President Baer of the Philadelphia and Reading company to the arbitration commission in answer to the one filed with the commission by President Mitchell in behalf of the miners has been received at miners' headquarters. Mr. Mitchell said he would go over the statement with his attorneys at once.

GOOD TYPE OF AMERICAN HERO.

President Eliot of Harvard Lauds the Non-Union Workman.

Boston, Nov. 11.—Before the Economic club of Boston, at their banquet during the evening, President Eliot of Harvard denounced the labor unions of the country as opposed to the education of young men, and what he termed "their fight against the development of manly instincts."

In closing he characterized the strike breaker or "scab," as he called him, as "a good type of the American hero."

The Economic club was formed for the purpose of discussing current topics. The subject was "Industrial Battles and the Public."

President Eliot had not promised to speak, but he was brought to his feet by discussion of the subject by previous speakers. He said present conditions indicated that many years must pass before the labor question is satisfactorily solved. Both sides must make concessions and adopt some plan.

The principal objection to the labor unions, from the educator's point of view, he said, was their objection to young men becoming competitive mechanics, and that they do prevent this is evident from the fact that all unions attempt to limit the number of apprentices employed in any industry. The right to labor is considered the most sacred right of the American citizen.

President Eliot's objection to the labor unions was, he said, that the object of the union seemed to be to work as few hours as possible, produce as little as possible during that time, and to receive as much money as possible for the service given. This attitude was in effect nothing more than a constant fight against the development of manly instincts. He said he had a profound contempt for any man who did not choose to labor every day just as long as his strength would permit.

LIVELY CLASS FIGHT.

Beloit (Wis.) Sophomores Break Up Freshmen's Banquet.

Beloit, Wis., Nov. 11. — A banquet of the Beloit college freshmen was successfully broken up during the evening by the sophomores. The freshmen tried to keep the time and place of their event a secret, but they failed to do so, and while they were enjoying their spread the sophomores climbed upon surrounding buildings, broke in some windows and showered the banquet hall with eggs, foul smelling chemicals and liquid glue. The freshmen resisted vigorously, and clothing was torn on both sides.

While the battle was on some sophomores fell through the ceiling into the banquet hall. This led to a call for the police, who rounded up the sophomores, securing their names.

After seizing the vials the sophomores ran through town, eating them and yelling. The freshmen rallied as best they could, consumed what was left of a fine dinner and carried out their lost programme without further interference.

REACH AN AGREEMENT.

Markle Collieries and Miners Settle Their Differences.

Hazleton, Pa., Nov. 11.—G. B. Markle & Co., and their 2,500 men who refused to return to work because they were asked to make individual application for their positions, came to an agreement during the day and operations at the four Markle collieries will be resumed at once. The company offered to reinstate all the employees except the thirteen recently evicted and not to discriminate against members of the union on condition that the men agree to abide by the decision of the arbitration commission and answer questions as to their age and other details before resuming their places. These terms were accepted. The thirteen evicted employees who will not be taken back, according to the company's officials, under any consideration will be provided for by the United Mine Workers. Among this number are the president, the secretary and the treasurer of the Jeddo local union.

MINNESOTA SOCIETY DINNER.

Many Notables at the Annual Event in New York.

New York, Nov. 11.—The Minnesota Society of New York held its annual dinner during the evening. Francis T. Davis presided, and among the notable guests were: Archbishop Ireland, William Truesdale, president of the Delaware, Lackawanna and Western Railroad company; Jacob L. Great-singer, president of the Brooklyn Rapid Transit company; W. D. Cornish, vice president of the Union Pacific Railroad company; the Rev. D. J. Burrell and Thomas Lowry, Archbishop Ireland, Wheeler H. Peckham and Dr. Albert Shaw were the principal speakers of the evening.

DRUGGISTS FORM COMBINE.

Comprises Forty Leading Retailers of the Country.

Cleveland, Nov. 11.—Cut-rate druggists and others not cut-rates, have gone into a mammoth combination which will affect the drug business throughout the country. The concern known as the United Drug company was formed for the purpose of reducing the cost of many articles now handled by the drug trade. Forty leading retailers in the forty largest cities of the country comprise the company. Its capital stock is \$500,000. The central offices and factory are in Boston. Four hundred druggists scattered over the country are in the concern.

CHAFFEE COMES HOME

ARRIVES FROM THE PHILIPPINES ON UNITED STATES TRANSPORT SUMNER.

VERY PERILOUS VOYAGE

Shortly After Leaving Yokohama the Vessel Encounters a Typhoon, Which Smashes Boats and Carries Away Portions of the Rigging—General Chaffee Talks Interestingly of Affairs in the Islands.

San Francisco, Nov. 11.—The United States transport Sumner arrived in port during the evening from the Philippines after a most stormy and most perilous voyage. Shortly after leaving Yokohama the vessel encountered a typhoon. Boats were smashed, portions of the rigging carried away and during the height of the storm a launch was torn from the fastenings and struck Mrs. Chaffee's state room with terrific force, the shock prostrating that lady, who was ill when she boarded the vessel.

On board the transport were General Adna R. Chaffee and wife, Vice Governor Wright of the Philippine committee, accompanied by Mrs. Wright, General Chaffee's staff, and a large number of officers' wives returning home.

General Chaffee had been absent from this country for over three years, during which time duty called him to Cuba, to China and to the Philippines.

To General Chaffee's efforts were due the speedy and peaceful settlement of the Chinese difficulty and in recognition of his services in China he was detailed to go to the Philippines to bring about a more harmonious condition of affairs. The general said to the Associated Press: "When I left Manila everything was progressing in a most satisfactory manner. I could not be more pleased with the situation. Civilization has accomplished wonders and the natives are fast recognizing the institutions of this government and meeting them with a

More Friendly Spirit.

Of course some of the provinces are unsettled and we expect to meet with further trouble, but the outlook is most cheerful, and, beyond an occasional skirmish here and there, I look for no great difficulties or disturbances requiring unusual force to subdue. Peaceful methods are making themselves felt among the native leaders, who are in many instances assisting our government by advising their former belligerent followers to lay down their arms. Some of the former fighting suits, of which there are a score, have become peaceful. The greatest difficulty we experienced in the islands is overcoming the legends and superstitions of the people. It is hard to overcome at once traits which have been born in the natives for centuries, and I will say that to this one feature is largely due the spread of cholera and other pestilential diseases among them. They cannot be made to submit to, or to understand the modern methods of treatment, nor can they be made to see the utility of an up-to-date sanitary system. They will not submit to quarantine peacefully and frequently escape from their bounds, spreading disease. In the city of Manila a very good system

prevails, and in consequence the health conditions are better there than they have been in the history of the country."

WILL REFUSE TO WORK.

Two Thousand Railway Men May Strike in Chicago.

Chicago, Nov. 11.—Unless an agreement is reached at the final meeting of the Brotherhood of Railway Trainmen and the managers of the train service of a number of the railroads that have refused the demands of the men, an order to strike will go forth and 2,000 men will refuse to work Wednesday.

This was stated with the authority of Vice Grand Master Lee at the close of a prolonged conference with committees and others. The importance of the situation was shown by the calling to the city of Grand Master P. H. Morrissey of the Brotherhood, who was in Cleveland.

ACROSS THE DOMINION.

Wireless Telegraph Stations to Be Built From Ocean to Ocean.

Victoria, B. C., Nov. 11.—J. B. Green-shield, solicitor of the Marconi Wireless Telegraph company, announced here during the day that the company is about to establish a system of wireless telegraphy across the Dominion of Canada, connecting Victoria with Cape Breton. Stations will be erected at many points across the Dominion and all the principal cities and towns of Canada will be included in the system. There will be a reduction of 60 per cent from the present cost of commercial messages.

ON A SOUTHERN TOUR.

President Roosevelt Starts on a Two Weeks' Trip.

Washington, Nov. 11.—President Roosevelt left Washington during the evening to be absent nearly two weeks. There was a corps of servants and secret service officials with the party. The president will speak at the dedication of the New York Chamber of Commerce building and then start on his Southern tour.

Crimean Veteran Suicides.

Wellsville, Utah, Nov. 11.—William Richards, aged eighty-two, of Wellsville, committed suicide during the day by hanging. He was a veteran of the Crimean war, and participated in the siege of Sebastopol, where he was severely wounded.

Three Masked Men Secure Two Thousand Dollars.

Tucson, Ariz., Nov. 11.—Three masked men have held up the office of the Sierra de Cobre Mining company, near Oananea, Mex., securing \$2,000 in silver.

FIRM FOUNDATION.

Nothing Can Undermine It in Brainerd.

People are sometimes slow to recognize true merit, and they cannot be blamed, for so many have been humbugged in the past. The experience of hundreds of Brainerd residents expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

Mr. James Parker, who lives at 24 Second avenue, East Brainerd, carpenter, says: "Every winter since I had the gripe I have been unable to shake off its effects. My back commenced to pain me across the kidneys with a numb sort of aching which I felt always on the same spot, even lying in bed. I was also troubled with headache which I think arose from my kidneys. I got a box of Doan's Kidney Pills at a drug store and took them. Since using them I have been much better in general health. Have no more attacks of headache, no more backache and I regard it as quite wonderful that anything in the shape of a pill could bring about such a change."

JUDGMENT SET ASIDE

And William Tift Serving a Ninety Day Sentence In the County Jail is Given Liberty.

This morning there was a hearing on a motion before Judge Blewitt in chambers in the case of the state against William Tift, charged with assault. It will be remembered that Tift was arrested some time ago charged with assaulting Walter Winters for an unknown cause. He was sentenced to ninety days in the county jail on the charge. Attorney Warner who appeared on Tift's behalf, prepared a motion to set aside the judgment on the grounds that the defendant had not been given an opportunity to ask for jury trial. The motion was argued this morning and was granted.

While William Tift is out of jail it does not necessarily mean that he is out of the clutches of the law. He is already under a bond of \$500 on the charge of highway robbery, having been held to the grand jury.

Have you seen the new box paper at H. P. Dunn & Co's.

PUT TO FLIGHT WITH A HATPIN.

Two Chicago Women Save a Man From a Trio of Highwaymen.

Chicago, Nov. 11. — Armed with a hatpin and courage born of sympathy with the victim of three highwaymen, two women during the day put the assailants to flight and saved James Walsh.

The robbery took place in an alley near May street, about 8 o'clock in the morning. The three men set upon Walsh, took a \$100 watch, and were beating their prey when the women came to the rescue. Mr. Walsh is a retired coal merchant living in Sycamore, Ill.

SENTENCED TO HANG.

Two Men Convicted of Murdering a Miner for His Money.

Wilkesbarre, Pa., Nov. 11. —Peter Lenowsky and Victor Zarambo, convicted of the murder of Anthony Sennick, were during the day sentenced to be hanged. The condemned men attacked their victim with an axe while he was at work in a mine. Their object was robbery. Sennick having had the reputation of carrying his earnings about his person. On the day of the murder, however, the murdered man left his earnings at home.

KILLED AT A CROSSING.

Two Farmers Struck by a Train at Milwaukee.

Milwaukee, Nov. 11.—Fred and Carl Laft, two farmers, were killed on a grade crossing in this city by a Northwestern train during the evening. The crossing where they were killed is one recently investigated with a view to elevating the tracks by the city council.

KILLED BY ELECTRIC CAR.

Prominent Insurance Man Meets a Tragic End in New Orleans.

New Orleans, Nov. 11.—J. B. Weitkum, vice president of the New York Life Insurance company, and whose home is in St. Louis, was killed by an electric car here during the evening. Mr. Weitkum was about thirty years of age and a prominent club man.

Life, after all, is a masquerade, says a writer in the Pittsburg Press. We fear to show our tenderness and our love. We habitually hide our best feelings lest we be judged weak and emotional. Sometimes it needs death to show us ourselves and to teach our friends our deep and unsuspected kindness.

NEARING ITS CONCLUSION.

Molineux Murder Case Almost Ready for the Jury.

New York, Nov. 11.—The fate of Roland B. Molineux will be determined during the day. When court adjourned Justice Lambert announced that he would allow Assistant District Attorney Osborne but two hours and a half more to finish summing up, which means that the court will deliver its charge and the case will go to the jury during the afternoon.

The court room was crowded to suffocation when, at the opening of the day's session, Former Governor Black rose to sum up for the defense. After a general defense of Molineux, whom, he declared, the prosecution had utterly failed to connect in any way with the death of Mrs. Adams, Mr. Black passed to a scathing denunciation of Harry Cornish, to whose guilt and not that of Molineux, he declared, every circumstance in the case directly pointed. More than half of Mr. Black's address, which occupied nearly four hours, was devoted to an analysis of Cornish's conduct and testimony and of the testimony of other witnesses in a manner to support his contention that Cornish's actions were not consistent with his innocence of the crime of which Molineux stands accused. Mr. Osborne based his argument for the prosecution largely on the testimony of handwriting experts, which, he said, conclusively showed Molineux to have been the writer of the poison package address and of the other disputed exhibits.

SHOT BY GYPSIES.

Boy Killed as a Result of Throwing Stones at Them.

Rochester, N. Y., Nov. 11. — Last week a band of gypsies arrived in this city and took quarters near the driving park. There were about seventy-five in the party. They told fortunes and on Sunday at least 10,000 people visited the camp. Sunday night a free fight took place, brought about by one of the men striking a boy with a horse-whip. The police quelled the riot, but made no arrests. During the evening another crowd was about the camp, when an altercation started between the gypsies and a gang of boys. In the darkness a gypsy standing beside a tent fired a shot into the crowd. The bullet took effect in the abdomen of Raymond Banks. He fell to the ground, but his companions picked him up and carried him away. On the way to the city hospital Banks died. In order to avert a possible riot every available policeman in the city was sent to the camp.

Every man in the camp is being put under arrest and taken to the central station. The dead boy was eighteen years of age.

Late investigation proves that the gang of boys of which Banks was a member had thrown stones and fired at least a dozen shots before the gypsies returned the fire.

AN ATROCIOUS CRIME.

Young Girl Assaulted and Murdered Near Albany, N. Y.

Albany, N. Y., Nov. 11. — Anna Mitchell, seventeen years of age, employed by Captain Adrian W. Mather at Loudonville, three miles from Albany, was murdered some time during the night. She left her employer's house early in the evening to visit her parents, who live about a mile distant. Her body was found during the day in a field in the rear of Captain Mather's home with the head crushed in. No weapon of any kind was found near the body.

An autopsy revealed the fact that Miss Mitchell had been criminally assaulted before the murder was committed. Her skull was fractured and the entire left side of her face was shockingly cut and mashed, apparently with a club. There was also a hole above the right eye the size of a silver dollar.

Detectives Nolan and Wilson of the Albany detective force lodged in the central police station Fred Knapp, a farm hand, charged with the crime.

MAY INVALIDATE THE ENTIRE VOTE

This is What the Fogelstrom-Murphy Embroilment May Lead To in the End.

THE COUNCIL FIRST TO CONSIDER

Whether or Not Alderman-Elect Murphy is Entitled to a Seat in the Body.

Many complications are liable to rise out of the case wherein Alderman Fogelstrom has entered a protest to the election of Alderman-Elect Murphy from the Fourth ward and before it is all over the entire vote of the ward may be thrown out.

It will be remembered that Alderman Fogelstrom at the meeting of the city council, held to canvass the returns of the election, filed a protest against the election of Alderman-Elect Murphy on the ground that the latter gentleman had served on the board of registration, after having been nominated for the office. It is held by most of the attorneys in the city that the ground is well taken and that Alderman Fogelstrom may hold over.

Of course the matter will first come up in an open field fight at the meeting of the new council on November 18. At this time the council will have to decide whether or not Mr. Murphy is entitled to a seat. In all probability they will refuse him a seat until judicial notice has been taken of the matter before Judge McCleahane.

There is a feature about the matter that has been little thought of perhaps. There is a likelihood that the entire vote of the Fourth ward may be thrown out on account of the question which has arisen—whether or not it was legal for Mr. Murphy to serve on the board and at the same time be a candidate for office. In this event, however, it will not make much of a change in the general results. It will, however, defeat Chas. Osterlund for the

He was brought in from Hubert where he lived with a sister-in-law but had been in the hospital but an hour or so before he died. His relatives live at Little Falls and the remains were shipped there this afternoon for burial.

IN A REMINISCENT MOOD.

I. U. White Recalls Early Days—This is M- and Mrs. White's Twenty-fifth Wedding Anniversary.

I. U. White, the Laurel street hardware dealer, was in a rather reminiscent mood this morning especially so on account of this being the twenty-fifth anniversary of his marriage to Mrs. White. Perhaps the weather today has something to do with Mr. White's particular frame of mind. Anyway in the course of his conversation it was learned that Mr. White is today the oldest pioneer of the city. He was next in line to the late Hon. L. P. White, who died this summer.

Mr. White in conversation with a DISPATCH reporter said: "Thirty-two years seems like a long time to look forward to, but really it does not seem long as one looks back over the past. It was thirty-two years ago this last September that I came to Brainerd and I am therefore the oldest living resident of the city. Before the late L. P. White died he was the oldest resident in the city, but since his demise I must claim this honor.

"When I came to Brainerd not a rail had been laid on what is now the great Northern Pacific system. There was nothing when my father came here but the bare survey out of St. Paul, and even when we came here we were not positive that the line would reach Brainerd as there were several surveys. Crow Wing would have been what Brainerd is today had it not been for the fact that the old man who owned the townsite there was a rank and wanted the earth and a fence, around it. I was sixteen years of age when I came here. My father had been here but a short time when he sent for me and I worked with him when he had charge of depots and bridges on the line between here and Duluth.

"Father built all the bridges for the first time between Brainerd and Duluth. Since that time I have witnessed the growth of one of the greatest systems of railroad in the world today—the Northern Pacific. It is a wonder to me and I sometimes sit down and contemplate how anything as great can be accomplished in as many years.

"I do not feel at all old and must say that I have enjoyed living in Brainerd and would live nowhere else. One of our family, N. P. White, now of West Superior, was born in this city. I am going to live fifty years longer and am going to spend the time right here."

MRS. CHAS. A. JAMIESON DEAD.

She Passes Away in Far Off Alaska and Her Remains Will be Brought to Brainerd.

On Thursday Chas. A. Jamieson will arrive in the city from Alaska with the remains of his wife, who died there some time ago. Mr. and Mrs. Jamieson left for Alaska several years ago and have been residents there since. The particulars regarding the death of Mrs. Jamieson are not known.

Mr. Jamieson is a brother of Jule Jamieson, the Fifth street saloon keeper.

IS SLIGHTLY IMPROVED.

Report Comes From the Sanitarium that Frank B. Johnson is Holding His Own.

It will be glad news to the people of Brainerd to learn that Frank B. Johnson is slightly improved today. He held his own during the night and is resting quietly today and there is a slight chance now for his recovery. Everything in the power of medical aid is being done to help him and news from the Sanitarium will be watched for with interest during the next few days.

GETTING ALONG NICELY.

Operation on Otto Wilson Performed at St. Joseph's Hospital Was Very Successful.

Otto Wilson, the farmer who some weeks ago attempted suicide, is getting along as well as can be expected at St. Joseph hospital, as a result of an operation which was performed on his skull by Dr. Reimstad a few days ago.

It seems that shortly after the attempt at suicide the whole side of the body and head of the unfortunate man became paralyzed and it was found necessary to trepan the skull. The operation is a very delicate one and generally results fatally. It seems, however, as that Mr. Wilson will pull through all right although the benefit derived from the operation has not been determined yet.

Another Low Rate Excursion.

To eastern points reached by the Nickel Plate road, will leave Chicago Nov. 11th, 12th and 13th, 1902, at rate of one fare for the round trip, plus \$3. By depositing return portion of ticket with agent of terminal line at destination, a liberal return limit will be granted. John Y. Calahan, general agent, 113 Adams St., Chicago, will be pleased to furnish any additional information.

Hough-Tuttle.

On Monday at 5 p. m., the Rev. James Clulow assisted by Mrs. Clulow, joined in marriage Mr. James Bruce Hough, of Cass county, and Miss Clara Vern Tuttle, of Crow Wing. The ceremony was performed in the M. E. church. Mr. Hough is a very fine young man, at present the telegraph operator at Pillager for the N. P., a temporary office. The bride is a sister of Mrs. Robert Tuttle of this city and has been employed as one of the teachers in the school at Pillager. In a few weeks the young couple will make their home in St. Paul or Minneapolis.

Special sale of bed spreads all this week at Moberg's store.

A TOTAL OF 402.

Licences Issued for Hunting Deer and Moose in this County Which is Considered a Large Number.

An unusually large number of licenses have been issued by Auditor Mahlum to deer and moose hunters in Crow Wing county, the aggregate being 402. This is the largest number issued in many years.

Of course there are several non-resident licenses which are not included in this number.

Special handkerchief sale tomorrow (Wednesday,) at Moberg's store.

MUSIC AND DRAMA.

"SANDY BOTTOM."

The rugged life found among the sun-kissed hills of Arkansas form the groundwork of a graphic story that is depicted in "Sandy Bottom," that melodrama of intense interest. This play will be seen at the Brainerd opera house Thursday evening, Nov. 13th and always appeals forcibly to popular interest of all classes. It is a romance worthy of Dumas and other famous writers.

Seats for this performance will be on sale tomorrow at Dunn's drug store.

SPENCE-MACDONALD ENTERTAINMENT.

Last night there was just a fair audience at the Brainerd opera house to hear the Scottish entertainment by the Spence-McDonald combination. This duo of clever entertainers was here about two years ago and delighted a large audience at the time and much of their work last night was a repetition, but withall it was very pleasing and the audience was well pleased with some of the parts. Miss MacDonald has a sweet soprano voice and Mr. Spence in his recitative parts is certainly a charming entertainer.

"THE PENITENT."

W. E. Nankeville's production of Hall Caine's most powerful book "The Penitent," will be the attraction at the Brainerd theatre, Saturday, Nov. 15. We are told that the scenic investiture with which it will be staged represents this gifted author's exact locale of the story. The staging of this play is said to be fine, with special mechanical and electrical effects aiding much in making its other accessories most effulgent. The company that is to present this work has been selected with special care for their fitness to properly portray its difficult characterizations.

"FRIENDS."

Edwin Royle and his talented wife Selina Fetter Royle, will shortly be seen at the Brainerd theatre in Mr. Royle's original and powerful play, "Friends", which has been an established success for several seasons. Mrs. Royle was formerly leading lady with Robson and Crane when those two comedians were presenting their greatest joint hit, "The Henrietta."
